

Finding 47 Walden

Local Navigation & Parking

The Walden community of townhomes is divided into three independent sections: Upper, Middle and Lower Walden. 47 Walden is part of Middle Walden. That means you will always enter the second driveway for Walden Townhomes, no matter which direction you come from.

The Walden community is situated on **Parkwood Drive** in Burnsville, MN, between **130th Street** to the south and **Burnsville Parkway** to the north.

Note the locations on the map above for guest parking. Limited space is available, so street parking might be required. We encourage carpooling if possible.

Once you have parked, make your way to the sidewalks that service the front of the unit. The white arrows show the rough location of where sidewalks are located. One is found immediately to the south side of the building that contains 47 Walden, and the other is just north and west of it, with easy access from the main road that goes through the center of the property.
